PRODUCT OVERVIEW

Doors are attached to cabinet with welded on full length 3/16" Dia. [Ø5] piano hinges. Outer door has all returns toward inside. Inner door has top & bottom returns turned in and latch edge turned out for enhanced security. Five (5) button combination tumbler locked latches with dead bolts shall hold both doors closed. Top cover is removable when inner door is opened and may be reattached to bottom when unit is inverted to reverse hand of door swing in the field. Lock programming instructions are provided. Two (2) stainless steel shelves furnished and spacing is easily adjusted by owner using eight (8) track clips provided.

KEY FEATURES & SPECIFICATIONS

- Dual doors for added security
- Each door is secured shut by an independantly programable five (5) button combination tumbler locked latch, with dead bolts.
- Type 304 Stainless Steel - Satin Finish
- 18 gauge Door is attached to 22 gauge cabinet with welded on full length 3/16" Dia. [Ø5] piano hinges
- Surface Mounted
- Door swing is field reversible
- Two (2) stainless steel adjustable full depth shelves are included

OPERATION & MAINTENANCE

Surface mounted security meds cabinet shall hold various size items on two (2) stainless steel adjustable full depth shelves (provided) positioned in cabinet by four (4) track clips per shelf (supplied). Shelves may be easily adjusted by owner after unit is installed by repositioning bracket clips in tracks provided. Dual locked compartments prevents unauthorized access or contents removal. Combination locks are independently reprogrammable so inner door may have a different code than outer door.
