**An ASI Group Company:**

[www.asigroup.us](http://www.asigroup.us)

**\*MAP POLICY***Effective Date: June 6th, 2022*

ASI Group and its subsidiaries interests, along with the interests of its distribution partners, are best served through the utilization of a minimum advertised price (“MAP”) policy. ASI has unilaterally adopted this Minimum Advertised Price Policy, which applies to all ASI Distribution Partners effective June 1, 2021.

All pricing including Minimum Advertised Pricing (“MAP”) can be found in the ASI Price List on our website. All pricing (including MAP) is updated periodically in our “online” published Price List. Distribution partners are required to update prices within thirty (30) days of the published date of a new Price List.

This policy applies to all distributors as a condition of sale. A Distributor, by purchasing an ASI product, agrees to adhere to this MAP Policy and all policies stated in our “Conditions of Sale” section found in our Price List.

Each Distribution Partner is responsible for compliance with this Policy throughout the chain of sale of ASI products by its direct or indirect customers who are third-party resellers, and will be held to the same accountability guidelines.

This Policy applies to all advertising placements, including but not limited to: print ads (inserts, magazines, newspapers, catalogs, mail order catalogs, etc.), broadcast (radio, television), direct mail, faxes, internet placement with third parties (banner ads, broadcast emails, destination pages, third-party sites, marketplaces), internet placements on the website of a Distribution Partner of one of its direct or indirect customers who are third-party resellers, and any flyers, posters or coupons. Value-add promotions (e.g., rebates, taxes, free freight, and giveaways) are permissible and can be advertised as long as the ASI product is advertised at or above MAP as the only price shown for the ASI product, and the value-add is stated separately and not used in a manner that circumvents this Policy.

This Policy applies only to advertised prices, and is not in any way intended to restrict or influence actual resale prices of ASI products. Each ASI Distribution Partner and each of its direct or indirect customers who are third-party resellers remain free to establish for themselves the prices at which to resell ASI products.

If ASI determines that a Distribution Partner or one of its customers who is a third party reseller has violated this Policy, ASI at its discretion may take one or more of the following steps:

First Notification – ASI may notify the Distribution Partner of the violation and allow five (5) business days to correct the violation.

Second Notification – If the violating party remains out of compliance following the First Notification, ASI may notify the Distribution Partner of the continued violation and allow an additional three (3) business days to correct the violation. If after the additional three (3) business days the violation is not corrected, ASI may take corrective measures that include, without limitation, loss or forfeiture of any programs or funds that may be available to that Distribution Partner.

Third Notification – If the violating party remains out of compliance following the Second Notification and any ASI corrective measures, ASI may notify the Distribution Partner of the continued violation and allow two (2) additional business days to correct the violation. If after the additional two (2) business days the violation is not corrected, ASI may take corrective measures that include, without limitation, loss of access to particular ASI products and termination of eligibility as an authorized Distribution Partner.

ASI Group is adopting this Policy as its own unilateral policy. ASI Group will determine at its sole discretion whether a Distribution Partner is in violation of this Policy, and what corrective measures if any to take for violations and communicating such decisions. ASI Group will take these actions independently and without reference to, or input from, any other Distribution Partner or outside party. The ASI Group will not respond to communications about other Distribution Partners or their direct or indirect customers who are third-party resellers who are advertising ASI products in violation of this Policy.

The MAP Administrator is solely responsible for and authorized to determine whether a violation has occurred, what appropriate steps shall be taken, and sending and receiving communications regarding this Policy. All inquiries and questions about this Policy should be directed to the following email address:

MAPAdministrator@americanspecialties.com

Other ASI employees and sales representatives have no authority to modify or grant exemptions to this Policy, or to have communications regarding violations with any Distribution Partner or their direct or indirect customers who are third-party resellers.

This Policy should in no way be considered an agreement between or among ASI, any Distribution Partner, or any of its direct or indirect customers who are third-party resellers. This Policy is non-negotiable and will not be altered for any Distribution Partner. ASI Group reserves the right to modify, suspend or cancel this Minimum Advertised Price Policy, in whole or in part, at any time and for any reason.
