Aptly named **Velare™**, which means to veil, this elegant, space-saving mirror cabinet lives up to its name by concealing a soap dispenser (liquid or foam) and your choice of a high-speed hand dryer or paper towel dispenser.

Velare™ minimizes the hazards of water spilling on the floor by housing soap and drying components directly above the sink. The mirror, made of 1/4" thick tempered glass with pencil edges, is supported by twin damped gas springs, which allow the cabinet to be opened up to 90° for easy maintenance.

Backlit icons etched into the mirror intuitively indicate soap and drying options, making this cabinet both elegant and easy to use. This marriage of elegance, safety, and functionality makes Velare™ ideal for a wide range of building types, from sophisticated corporate headquarters to high-traffic washrooms in entertainment centers and airports.
